TRAINING COMPLETE

Sessions are held from 7-10 pm unless otherwise noted. ***Because of the experiential nature of our training, attendance is mandatory for sessions one through six.*** It is also required that you arrive on time for each of these sessions as well as group screening. Sessions seven, eight, nine, ten, and eleven may be made up by watching a video of the session. No more than two absences are allowed for these sessions, and attendance is strongly encouraged for each session. Because review session one is a chance for you to debrief your new experiences on the lines, we ask that you complete 12 hours on the lines prior to review session one. Review Sessions are mandatory in order to complete training.
